PRICE LIST NO. 1

JANUARY 1, 1919

NOTICE: All prices quoted herein are subject to confirmation, changes in stocks, etc., and, unless *otherwise specified, are f. o. b. Sherman, Texas.*

In case of advance in prices, goods will be billed to you at prices prevailing at time order is received. In the event prices are lower when your order is received than quoted in this list, you will receive remittance to cover balance due you.

IMPORTANT: If you desire to limit us as to prices, please so state in your order. Unless otherwise instructed, if your remittance is insufficient to cover the goods ordered, we will make shipment C. O. D. for the balance; or, if you instruct us to do so, if prices are advanced, we will ship seed to equal amount of your remittance, basis current prices.

NOTICE: Pittman & Harrison Company gives no warranty, expressed or implied, as to description, purity, productiveness, or any other matter of any Seeds they may send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these conditions, they are to be returned at once. When you receive your shipment, please examine same carefully, and, if the Seed are not what you ordered, or you have any reason to complain, you are requested to act as follows: (1) Send us samples of the Seeds about which you may have any doubt, giving us your full reason for doing so, and we will promptly handle the complaint. (2) You may return the goods, being sure to send us bill of lading or express receipt, and as soon as we receive the return shipment, we will promptly and cheerfully remit you any money that may be due you on the transaction.

Our business is conducted on a cash basis, but if you do not desire to remit in full at the time you order, we will, if your order is accompanied by remittance of one-fourth of the amount of the order, make shipment, sending C. O. D. for balance due.

As practically all freight and express shipments are now more or less delayed in transit, and some shipments are lost entirely, due to abnormal conditions generally existing, we beg to advise we positively will not, in any manner, be responsible for delayed shipments, lost shipments, or for shortages occasioned in transit on any goods sold by us, either f. o. b. shipping point, or c. a. f. (cost and freight) you station, as the case may be. We use due care to have all goods delivered to the railroad or express company in first class condition in every respect, properly tagged or marked, etc., and after we furnish invoice and a clear receipt from the railroad or express company covering shipments, our responsibility does and shall cease. If your shipments do not arrive promptly, do not assume that they have been lost in transit. With the serious congested condition of the railroads and express companies, delays are inevitable, and if your shipment is not received in a reasonable time, make due allowance before writing us about it. In this event, please give us our invoice number for any delayed shipments, and we will promptly do what we can to have such delayed shipment traced.

United States Food Administration License No. E-19233

Pittman & Harrison Company

MAIL ORDER DEPARTMENT

Sherman, . . . Texas

GARDEN SEED SECTION

IMPORTANT NOTICE: All prices quoted in this section are postpaid with the exception of those on Beans, Peas, Corn, Roots, Stock Beets, Onion Sets and Garlic. Prices on these are f. o. b. Sherman. Should you desire to order any of these, to be sent by parcel post, by referring to parcel post map and table of rates in our catalog, you can easily figure amount of postage required, and include same in your remittance. Please do not fail to do this, for, otherwise, your order will be delayed. Also remember that for every 25c or fraction thereof required for postage one cent additional is required for a revenue stamp, so if the postage amounts to from 25 to 49 cents include 2c for tax; 50 to 74c, 3c, and so on.

Q U A N T I T Y

OR

CLUB ORDERS

In quoting prices, we have always based our prices on the quantity of seed purchased, because it costs as much, or more, to handle and sack one pound as it does ten pounds, and although the price quoted per single pound may be several cents higher than the price per pound on larger quantities, our profit is no more.

In any line of business, quantity production brings about low prices.

In this price list, we quote on such quantities as we believe the average farmer will be in need of, but should you be in the market for a larger quantity of seeds than the largest quantity named in price list, write us, stating the quantity of each variety desired, and we will be glad to quote you our lowest prices, based on such quantities.

CLUB ORDERS

In order to avail yourself of quantity prices, you and your neighbors get together and make up a list of what each one will require, then lump the order, letting one member of the Club make the order in his name. To do this, you will ALL SAVE MONEY.
